Avante Life Ministries is a nondenominational Christian organization focused on making a real difference in the lives of the helpless, the hopeless, the hungry and the homeless. Nearly one in four Utah children goes hungry each weekend in the gap between school lunches. Our future is being stolen for the cost of a loaf of bread. Avante's Weekend Warrior Program provides nonperishable weekend food supplies to needy children throughout the year, because hunger doesn't take a vacation. Check out other Avante programs and events at www.avantelifeministries.com (All proceeds go to feeding our local children.)
